ENJOY ALL YOUR MEDIAS

The 8-inch display (1280 x 800 pixels) of the ARCHOS Core 80 Wifi delivers a bright and colorful image, perfect to watch your favorite movies with the ARCHOS Video Player App or surf on Internet.

A VERSATILE DEVICE

The ARCHOS Core 80 WiFi is pretty compact and light. Convenient to use around the house, you can do a lot of things with this tablet. From watching a movie to browsing the web, everybody will find their own use for it.

QUAD-CORE PROCESSOR

The quad-core processor included in the ARCHOS Core 80 WiFi delivers great performance. Your games and apps are running as seamlessly as possible. Multitasking is also possible.

ANDROID ORED TO GO FURTHER

Enjoy one of the latest version of Android 8.1 Oreo on your device. Fun new feature: the Picture-in-Picture mode allows for a deeper multitasking integration. Focus on one app and use another one at a glance. The notifications enhancements and the battery saving feature make sure that you get the most of your Android device.
