

AMM08EU | Targus Gaming Controller for Media Tablets

You enjoy play games on your Tablet, yet the experience can be unsatisfying because using the touch screen alone does not provide the same tactile feedback and ease of control that you are used to from regular gaming console.

The easy to use Targus Gaming controller gives you the real gaming experience you have been waiting for. Simply attach the suction based controller on top of the on-screen control pad, and away you go.

Made of lightweight and durable plastic, the game controller works on all media tablets with a screen size of 24.6 cm or 9.7" and above and is suitable to use with most onscreen control pad games.

Physical controller for your tablet providing tactile feedback during play

Auto-centering for maximum control over your game

Unique transparent design provides an unrestricted view of all the incoming action

Quick and easy suction cup attachment
